IN CAR OF LIMEEntire Crew Almost Asphyxi-  
ated by Gases, but Physi-  
cian Revives Them.

(Special to The Herald-Republican.)

Ogden, July 16.—Six men narrowly  
escaped death by asphyxiation in the  
freight yards of the Denver & Rio  
Grande railroad this morning, when the  
transfer gang attempted to unload a  
carload of chlorinated lime.The warm weather had caused the  
deadly chlorine gas to form. As  
Sims and Frank Ratter inhaled pro-  
large a quantity of the gas as to make  
their recovery doubtful for a time. The  
timely arrival of Dr. R. A. Joyce, how-  
ever, saved their lives. Four others  
were rendered unconscious and re-  
quired medical attention to revive  
them.The lime, which is used for bleach-  
ing clothes in laundries, had been  
shipped over the Southern Pacific  
to the coast, but on its arrival in Og-  
den found the Denver & Rio Grande  
it was found to be in doubtful condition,  
and the transfer was ordered to al-  
low inspection. Under Foreman H.  
Shurtliff the transfer gang of six men  
climbed into the car and started to  
work. One man fell unconscious al-  
most immediately and the entire gang  
was in similar condition a few min-  
utes later.TECHNICALITY DELAYS  
AVENUE OF CONSTRUCTIONJudge T. D. Lewis Holds That Omis-  
sion in Bond Makes Security  
Invalid.

(Special to The Herald-Republican.)

Ogden, July 16.—On a technicality in  
the wording of the bond furnished by  
the city to cover condemnation pro-  
ceedings attendant upon the opening  
of Hudson avenue, Judge T. D. Lewis  
today rejected it, and the raising of  
buildings to make way for the opening  
of the avenue has been temporarily de-  
layed. The objection of John A. Stim-  
son was sustained on the strength of  
the technical omission.In the wording of the bond, it is  
agreed to pay all damages and costs  
which may finally be awarded to the  
holders of the condemned property, in  
accordance with and as provided for in  
the compiled laws of Utah. The fail-  
ure of the city attorneys to include the  
exact wording of the statute was the  
ground on which the bond was refused.  
This error was rectified this afternoon  
and City Attorney James H. Devine left  
for Salt Lake this evening to gain  
present it for the approval of Judge  
Lewis.Monday next has been set as the  
time for the commencing of work of  
opening the street, although fully two-  
thirds of the occupants of the con-  
demned buildings have failed to vacate.  
Somewhat wrathful over the action of  
Judge Lewis, City Attorney Devine to-  
day heatedly declared that the tearing  
down of the buildings would commence  
Monday, and if the occupants were  
still in possession their roofs would be  
pulled down over their heads.

## TO OPEN LINCOLN AVENUE.

(Special to The Herald-Republican.)

Ogden, July 16.—As a result of a con-  
ference between the members of the city  
council and local officials of the Den-  
ver & Rio Grande Railroad company,  
held last night, steps will likely be tak-  
en at Monday night's meeting of the  
council providing for the opening of  
Lincoln avenue from Twenty-second to  
Twentieth street. The avenue has long  
been closed and entirely by the  
railroad company. It crosses the freight  
depot yards and the opening will cause  
considerable expense and inconvenience  
to the company.

## HARD TO PLEASE.

Regarding the Morning Cup.

"Oh, how hard it was to part with  
coffee, but the continued trouble with  
constipation and belching was such  
that I finally brought myself to leave  
it off.""Then the question was, what should  
we use for the morning drink? Tea  
was worse for us than coffee; milk  
and cocoa were soon tired of; milk  
was not liked very well, and hot water  
we could not endure.""About two years ago we struck upon  
Postum and have never been with-  
out it since.""We have seven children. Our baby  
now eighteen months old would not  
take milk, so we tried Postum and  
found she liked it and it agreed with  
her perfectly. She is today, and has  
been, one of the healthiest babies in  
the state.""I use about two-thirds Postum and  
one-third milk and a teaspoon of sugar,  
and put it into her bottle. If you  
could have seen her eyes sparkle and  
hear her say 'good' today when I gave  
it to her, you would believe me that  
she likes it.""If I was a mother of an infant's  
home, every child would be raised on  
Postum. Many of my friends say,  
'You are looking so well!' I reply, 'I  
am well; I drink Postum. I have no  
more trouble with constipation, and  
know that I owe my good health to  
God and Postum.'"Read the little book, "The Road to  
Wellville," in pkgs. There's a Reason.

the tower of the First ward meeting  
house, First East and Third South

first one the city has had for five  
months and was the most severe elec-

During the entire time the storm lasted  
the lightning played continually and  
kept the fire department in continual  
fear of being struck.The bolt which struck the tower of  
the church came at about 3:20 o'clock.  
It struck the tower of the church, was  
inside the building when the bolt struck  
and was knocked down and severely

amounted to about \$500 which is com-  
pletely covered by insurance.While the fire department was at  
the church a fire came from the
